# ARANGAYANAM

*A Documentary video in Tamil with English Subtitles*

**On Jan 22nd 2024 we all watched the Prana Pradhishtha or return of Sri Rama at the Janmasthan in Ayodhya after 500 years. Did you know that 700 years ago Sri Ranganathar (Namperumal) who is the Kula Devatha of Sri Rama had been out of His Temple at SriRangam for 48 years due to invasion by the Delhi Sultans.**

**To know more about it come and watch "Arangayanam" the journey of Namperumal, a historical documentary video in Tamil with English subtitles produced by Shri Bombay Kannan. Sub titles have been provided in English to help them follow the movie.**

**Based on well researched historical sources, using the style of flashbacks and present day narration by Shri Kannan, Arangayanam the historical journey of Namperumal is traced as accurately as possible in modern times. Shri Kannan has travelled a few thousand kilometers and a couple of years in producing this documentary.**

**We need to understand and appreciate the sacrifices and struggles of so many thousands of unnamed unknown Srivaishnavas in safeguarding Namperumal in those dark days and reestablishment of traditions at SriRangam.**

**This message is very relevant to us as well as Gen Next in present times.**
